***Candidates are reminded that many Colleges / Universities will give college credit for your military education and training. It is the **candidates** responsibility to take their proof of training (DD 214 and/or DA 1059) to the appropriate College/University in order to obtain this credit. A new college transcript must then be forwarded to OCS to be submitted with the commissioning packet. Semester hours that apply towards the Candidates degree are the only ones that count. And as always, - TRANSCRIPTS CANNOT be issued to student.
